Directorate of Water Resources and Improvement of River Systems
Invitation to Open Tender for Dredging and Waterway Improvement of Tanintharyi River

1. Directorate of Water Resources and Improvement of River Systems (DWIR) is planning to award the contract for dredging across the water-way of Tanintharyi River in the Tanintharyi Division, and for sand export, in order to improve the waterway and navigation channel and protect flood inundation along the river side as the sedimentation causes shallow water-depth and disrupts port operation. DWIR, in this regard, would like to invite both local and international companies to participate in an Open Tender.

2. Unlike a commercial dredging, such dredging needs to ensure a) not to incur any damage to the environment and ecosystem, by dredging at the specific shallow-water areas designated by the DWIR to reach the targeted water-depth, b) not to disrupt the socio-economic conditions of the local people, and c) to assist and support to local development works and local needs if necessary. And thus, the potential bidders must present qualification in terms of work- and technical experience, and the strength of expert team and equipment as well as strong financial capability. (International companies may need to form a JV with a local company or have a branch office in Myanmar.)

3. Therefore, any interested companies (both local and international) that meet the above mentioned technical and financial requirements are invited to enter the tender. Tender Application and forms can be purchased from the following address and the dates and time of the tender process are as follow:

- (a) Address to purchase Tender Forms - Directorate of Water Resources and Improvement of River Systems (Head Office) (Civil Engineering Section).
No. 400, Lower Pazuntaung Road, Pazuntaung Township,
Yangon, Myanmar.
- (b) Date & Time to purchase - 1-2-2022 to 21-2-2022, Office Hour (10:00-15:00)
